## **RESIDENTS ASSOCIATION OF BENOORDENHOUT**

Members of the committees and working groups give their time to specific activities, such as: producing the bi-monthly neighbourhood magazine (Wijkblad), *monitoring the traffic situation, promoting sustainability and well-being, preserving the green character of the public spaces*, organizing activities like the festivities on *King's Day* in April, *Sinterklaas, soapbox derbies, cultural events, activities for the 55+ members* of the community and activities in English directed at both the expat and local community.

**It is the Board's job to encourage, support and promote a sense of connection in our community.**

## **KEEP INFORMED**

Don't forget to read the bi-monthly magazine **Wijkblad Benoordenhout**, which has many interesting articles, including a section in English devoted to our international residents. You receive this free in your mailbox every other month.

To keep yourself informed between the publication of the Wijkblad, we strongly urge all to **visit the website [wvbn.nl](http://wvbn.nl)**. It contains a wealth of information about the neighbourhood and can be accessed in many languages.

The back page of the bi-monthly magazine contains names and email addresses of the Board of the Residents Association as well as social clubs located in the Community Center, several municipal authorities and contact names for problems in the neighbourhood.

With the Corona virus situation in the world and the Hague in particular, many activities have had to be suspended for the time being.

## **MEMBERSHIP ADMINISTRATION**

You can support the work of the Wijkvereniging by becoming a member for only € 12.50 per year.

Mirjam Kroemer: [leden@wvbn.nl](mailto:leden@wvbn.nl)

**The members of the Board represent the neighbourhood in the public arena and assist at the regular Municipal Council meetings that are open to the public, thus monitoring developments in the environment, transport and city planning to name just a few.**

## **WELCOME TO THE BENOORDENHOUT AREA OF THE HAGUE**

If you are a **new resident of Benoordenhout** - an expat - a repat - or just moving here from another place in the Netherlands - we think you will find it an extremely pleasant place to live.

There are almost **14.000 residents**, from which about **35% are from other countries** and probably a comparable number who have lived abroad at some point in their lives.

Despite its very close (and convenient) proximity to the centre of The Hague, every area is encircled by green, including such parks as **Clingendael** and **Oosterbeek**, **Oostduin-Arendsdorp** and the **Bosjes van Zanen**, as well as the beautiful **Rosarium** on **Jozef Israëlsplein**.

For daily needs, there are three main shopping areas: **Willem Royaardsplein**, **Hoytemastraat** and **Weissenbruchstraat**.

Benoordenhout is a district of the municipality and divided up into six neighbourhoods, **Waalsdorp**, **Duinzicht**, **van Hoytemastraat** and surrounding areas, **Uilennest**, **Nassaubeurt** and **Arendsdorp**.

Benoordenhout is home to the headquarters of **Royal Dutch Shell**, the automobile association **ANWB** and many law and accountancy offices. The **International Criminal Court (ICC)**, which opened in January 2016 is located at the corner of **van Alkemade**laan and **Oude Waalsdorperweg**. The **Kosovo Court** is situated in the old **Europol** building on the **Raamweg**.

Since our neighbourhood has so many international residents - expats and repats - the **Wijkvereniging Benoordenhout** - decided in 2015 to publish a guide in English with information for all residents of Benoordenhout - both new and old - Dutch and non-Dutch. Things do change from year to year, so we hope this 4th edition will introduce all residents - new and long-term - to the new or changed aspects of our Benoordenhout.

## DAILY LIVING ESSENTIALS

### HOUSEHOLD WASTE - HUISVUIL

A digital household waste calendar, indicating what waste is collected on what day is available online at [www.denhaag.nl/en/waste-and-recycling/household-rubbish/household-waste-calendar.htm](http://www.denhaag.nl/en/waste-and-recycling/household-rubbish/household-waste-calendar.htm). Household and organic waste are usually collected on Wednesdays. This waste may be put by the side of the street after 22.00 the evening before the day of collection and by 7.45 on the day of collection.

Benoordenhout has underground trash containers (ORAC's = ondergrondse rest-afval containers) installed along the street for household waste. This means that residents will have to bring their trash in securely fastened bags themselves to one of these ORAC's.

Large items, chemical waste and recyclables can be brought to one of the many waste transfer stations in The Hague. The closest to Benoordenhout are located on:

Plutostraat 1, 2516AL - The Hague (Binckhorst, behind CS)

Uitenhagestraat 4, 2571VV - The Hague (Centrum)

Opening hours are from Mon-Sat: 8.30 - 17.00.

You will need an 'afvalpas' - *Trash card* to access this trash collection place. One of these passes has been issued per address, but if you no longer have it, you can request a new one online on this website:

[www.denhaag.nl/en/waste-and-recycling/afvalpas-for-garbage-and-recycling-stations.htm](http://www.denhaag.nl/en/waste-and-recycling/afvalpas-for-garbage-and-recycling-stations.htm).

If you cannot drop it off yourself you can also make an appointment to have large items and/or large garden waste collected:

[www.denhaag.nl/en/waste-and-recycling/collection-of-oversized-waste-and-garden-waste.htm](http://www.denhaag.nl/en/waste-and-recycling/collection-of-oversized-waste-and-garden-waste.htm).
